

# THE MAGNIFICENT SUPER SLICE™

**RAW iGaming** is proud to introduce our new patent pending mechanic, SuperSlice®. An innovative new mechanic which is easy to understand, delivers an exciting player experience with dynamic gameplay and provides the chance for massive wins on every spin.

**The Magnificent SuperSlice®** - Let's play a classic favourite, SuperSlice-style! And heck, let's do it in the old west, I mean why wouldn't we. It was a magnificent time and it's a magnificent game with magnificent prizes up to 15,100x your bet.

Magnificent uses our patent pending SuperSlice® wheel, offering dynamic slices on every spin. It couldn't be easier, watch the bets selector to see your bets, watch the wheel and slices added and watch if the ball hits your numbers. To spice it up, we added large multipliers, free spins and our ever-popular MagSpins® offering a minimum of 12x but up to 15,100x your bet.

# SUPER SLICE™

The patent pending SuperSlice® engine delivers dynamic slices to the wheel, between 4 to 12, so players never know how many slices or what those slices will hold. With multipliers up to 300x, freespins and MagSpins® the action never stops and is different on every spin keeping things fresh and unique and the adrenaline pumping.

## GAME FEATURES

### BETS

### BET SELECTOR

At the start of each spin, 4 bet options are chosen randomly from the bet selector reels consisting of:

- One 50/50 bet from Odd, Even, Red or Black
- One area bet from 1-18, 19-36, 1-12, 13-24 and 25-36
- Two number bets for numbers between 1-36

If the ball lands on a slice that matches one of your bet options, you will be awarded the corresponding prize. Multiple bet options can pay out on the same spin.

### MULTIPLIERS

During any spin of the base game or the free spins wheel, multipliers are added to any slice ranging from 2x-50x in the base game and 3x-300x in free spins. If the ball lands on a number with a multiplier and that number is represented in the bet selector than the resulting win is multiplied by the multiplier number making very big wins possible on any single spin.

## FREE SPINS

If a ball in the base game lands on a slice with a Free Spin symbol, the free spin feature is triggered awarding 10 free spins, regardless if the slice is a winning slice or not. Slice multipliers increase up to 300x, one extra number bet option is added to the bet selector and two new features are added to the wheel:

- Added Spins: Win +2, +3 or +5 extra spins by the ball landing on a slice with the corresponding symbol. Extra spins are awarded even if it's a losing slice.
- Respins: Hit a respin symbol and trigger a guaranteed win respin. Respins award a multiplier on wins that starts at x2 and increases for every loss on the wheel during the respin. Respins continue until a win is awarded

## MAGSPINS®

MagSpins® symbols can appear on the base game or free game wheel and awards 3 spins on its wheel of 8 slices and is your best chance to hit gold bar wins, up to 15,100x your bet with a guaranteed minimum of win of 12x. A ball selector is spun to award 1 to 3 balls that will be used during your entire MagSpin® session. The more balls, the greater chance for larger wins. The wheel loads with new multipliers on each spin and winning slices are locked and upgraded.

Example slice value increases

Slice Value	New prize after n hits				
	1	2	3	4	5
x2	x4	x6	x8	x10	x12
x5	x10	x15	x20	x25	x30
x50	x100	x150	x200	x250	x300

If a ball lands on a slice with a respin symbol, an extra spin will be awarded. At the end of MagSpins®, the total multiplier in the pot is multiplied by the active bet amount and winnings are calculated accordingly.
