ZONES

MAD JOKERS SUPERSLICE ZONES

Everyone knows a joker at one time in their life, but never one that dishes out big wins with every comedic spin of the wheel. He's actually quite mad but in a good, entertaining and rewarding way. Mad Joker features the new SuperSlice® Zones engine.

The SuperSlice® Zones mechanic spreads dynamic multiplier zones out across the wheel offering massive multipliers up to 100x on every single spin. Included in this mad game, you find Mad Joker Respins, Mad Joker Free Spins and crazy antics from the Mad Joker himself to help you find your Epic Mad Big Win.

The game uses our patent pending SuperSlice® wheel with up to 2-12 slices.

SUPER SLICE™

The patent pending SuperSlice® Zones engine delivers dynamic multiplier zones on top of the wheel slices and can cover one or all of the slices for an opportunity to multiply your win by up to 100x. Hitting a symbol or feature with that zone uses the zone multiplier either in the feature or as a multiplier on the symbol value.

Show SuperSlice examples as before as in the other game guides but with images from this game as well as how SuperSlice Zones works.

BLUE JOKER RESPIN

A Blue Joker hit triggers the Blue Joker Respins. A mini-spinner appears showing the number of zones added on each spin as well as a multiplier collection meter. When a win hits with a zone, its multiplier is banked and multiplies the win at the end of the Respins. Respins end when non-winning spins occur.

MAD JOKER FREE SPINS

A Green Joker hit triggers the Mad Joker Free Spins where you win 5, 8, 12 or 15

Free Spins and get a chance at a mad little bit of everything with epic wins up to 10,000x your bet. In the Free Spins, a flaming zone is added and if hit can increase multiplier wins to 100x

FLAMING ZONES

If you land on a flaming zone during respins, the Flaming Zones wheel is activated.

The Flaming Zones wheel is spun, and a Multiplier is collected. Values that can be won are x3, x5, x10, x15, x20, x40, x60 and x100. If the resulting slice in the Flaming Zones Wheel has a +1 on it, the wheel will be spun again.
