

## JOKER & THE THIEF

Joker & The Thief is a uniquely exciting SuperSlice® game with a symbol collection mechanic that will test players' nerve like no other. Winnings are not paid immediately but are instead held in a temporary 'Cash Stash'. At the same time, symbol collection meters fill up which, when filled after 6 wins, trigger free spins with win multipliers of up to 16x possible.

Players can opt to collect their winnings or keep spinning with the goal of triggering free spins. But they must beware, for if the nefarious Thief lands before they reach free spins, he will steal all of their winnings and reset the meters.

This is a game that creates tension and joy, that puts the player in control, and which is guaranteed to deliver dramatic experiences that players will love with wins of up to 2,400x.

## SYMBOL COLLECTION METERS

There are 3 collection meters, one for each type of symbol (Lucky 7s, Gold Bars and Diamonds) each with 6 levels that increment each time a winning symbol is picked. The meters display the current cash out value, should you chose to collect. If you fill a meter, after 6 symbols are collected, then free spins is triggered. If, however, the Thief lands is picked the wheel, the meters reset, and your winnings are lost.

## BOS FREE SPINS

When triggered by collecting Diamonds, free spins is played with a 10X multiplier, or a 5x multiplier if triggered by collecting Lucky 7s. If all 2 or 3 meters were filled simultaneously, the multiplier is added, giving multipliers of up to 16x. During free spins, the Thief acts to auto-collect your winnings from the Cash Stash, rather than stealing them, so the excitement comes from maximising your wins before the Thief appears. Free spins will continue until the Thief has collected your Cash Stash 8 times.

## THE JOKER

The hero of the game, the Joker acts as a wild to fill one level of all 3 collection meters whenever he is picked on the wheel, dramatically increasing your chances of reaching free spins and getting big wins.
