VOLATILITY

Mad Buffalo SuperSymbols™ is a unique cascade game, featuring a new patent-pending engine SuperSymbols™, played on an initial 5x5 panel. Matching symbols landing adjacent to each other in groups of at least 2x2 symbols will merge to form larger paying shapes ('SuperSymbols'). These expand when individual instances of the same symbol land adjacent to them. The symbol sizes correspond directly to win potential, ie the bigger the image grows the more money players make, making it very easy to understand outcomes, even on small mobile devices, while offering a new gaming experience for players

The game has **Progressive Multipliers**, **Mystery Symbols**, **Mad Buffalo Respins**, and a **Free Spins** feature with **Multipling Symbols**.

GAME FEATURES

Mad Buffalo is a 5-row, 5-reel videoslot with a unique SuperSymbols™ pay mechanic and the following exciting features:

Cascades - Losing symbols are removed from winning panels, and the panel expands by an additional row. When large SuperSymbols™ form they can also force the reels to expand vertically, to a maximum height of 20-rows

Progressive Multipliers - Symbol multipliers are shown at the side of the rows and become active when any SuperSymbol™ reaches them. Multipliers reach 16x in the base game and 50x in free spins.

Mad Buffalo Re-spins - On a loosing panel, buffalos stampede to cause respins or to add multipliers (2, 3 & 5x)

Mystery Symbols - Between 2 and 6 mystery symbols will land and are then revealed, potentially creating new SuperSymbols™ and causing a cascade.

Free Spins - Played on an expanded 6-reel panel, can re-trigger.

Multipling Symbols - Appear during free spins and apply their multiplier value (2, 3 & 5x) to any adjacent SuperSymbols™.

Bonus Rush® - Why wait for the bonus round, rush straight into the action with Bonus Rush®. It's simple, choose your bonus, set your desired bet and start the action. Once started the bonus game plays out directly.

Clusterspin® - Increase your wins with Clusterspin®. Will you have a winning or losing round? Make extra cash either way. Play the Clusterspin® game and win extra, up to 1,000x your bet on top of your normal gameplay.
