

RAGING SUPER 2 WAYS

RAGING SUPER2WAYS™

Embark on an adventure to the African Serengeti, the habitat of the Raging Elephant, the Stamping Buffalo, the Wild Hippo and numerous other remarkable wild animals. Delve into this distinctive and feature-rich videoslot that promises Elephantine wins up to 7,000x.

Experience our proprietary SuperSymbols™ mechanic, cascades, reels that can expand up to 15 rows high and 4 rows wide, wilds, three powerful and exciting animal features, and free spins with symbol multipliers.

SUPERSYMBOLS™

SuperSymbols™ form when a group of at least 2x2 of the same symbol lands on the reels. The SuperSymbols™ will expand if more of the same symbol land adjacent to them, or if they combine with other SuperSymbols™ of the same type. The size of the SuperSymbol™ directly relates to the size of the payout, making it very easy to see how good the winnings are going to be.

After the expansion takes place, losing symbols are removed and replaced from above with a cascade, potentially generating even bigger symbols, and sequences of exciting expansions and amazing payouts.

WILDS

These substitute for any potentially winning symbol and serves to create or expand any adjacent SuperSymbols™.

SUPERSTRETCH™

The game is played on an initial 5-row, 5-reel panel but can expand to up to an incredible 15-rows high and expand 4 reels wide, if SuperSymbols™ expansions force the reels to upwards.

RAGING ELEPHANTS

Experience the thrill of the Raging Elephants feature which is set into motion when a Raging Elephant symbol lands on the panel. The elephant will charge across the screen, then slam into the side of the panel, triggering the SuperStretch™ to stretch the reels and add an extra reel. Up to 4 new reels can be added on the initial spin. After the dust settles from this intense charge, the Raging Elephant symbol morphs into a wild symbol, opening up even more win potential.

BUFFALO STAMPEDE

Prepare for the exhilarating Buffalo Stampede, a feature activated when the Cape Buffalo symbol makes its grand appearance on your panel on an initial, losing panel. The Buffalos stampede across the screen, causing up to 10 symbols to crack, then fall away. As the dust settles, the symbols from above descend, filling the space, and turning the loss into a win.

WILD HIPPO

Get ready for the Wild Hippo feature which is initiated when the Wild Hippo symbol descends on an initial spin. The Hippo opens its massive jaws, then moves downwards to convert all the symbols below it into a captivating column of wild symbols. After this symbol-munching spectacle, the Wild Hippo symbol morphs into a wild symbol.

RAGING FREE SPINS

Free Spins – triggered when a cluster of bonus symbols lands and is played on an initial 5x5 panel. The Buffalo Stampede, Wild Hippo and Raging Elephant features can also trigger.

New, Multiplying Symbols can land which apply their multiplier value (2, 3 & 5x) to any adjacent SuperSymbols™.
