Depending on the outcome of the game, you can then win an ante bet prize of up to 1,000x on top of your main game wins.

How it works:

1. Choose your number of Clusterspin™ from 5, 10, 15 or 20
2. Choose your ante bet
3. Choose if you think you are going to win or lose more during the game
4. Click start and play out the game

Total bet is calculated as (Bet per Spin x number of Clusterspin®) + ante bet. Pays will depend on the combination of Clusterspin®, bet level and bet mode chosen, and will be displayed on the panel before you start your game.
