Almighty Lollipop SuperSymbols™

Almighty Lollipop SuperSymbols™

Dive into the sugary world of Almighty Lollipop SuperSymbols™, where every spin swirls with candy-coated win potential. With expanding symbols and reels that are dripping in sugary goodness, and our all-new reel splitting and clone features, every moment is a chance to unwrap massive rewards. Almighty Lollipop isn't just another slot game; it's a candy-filled wonderland of opportunities.

Almighty Lollipop is the third of our unique patent-pending SuperSymbols™ game series. It has been expertly crafted to deliver even more opportunities for horizontal and vertical expansions, enhanced big win potential, and an even more enthralling player experience.

The game is played on an initial 5-reel/5-row panel which can expand to 10 rows high, and with a bagfuls of tasty features.

SUPERSYMBOLS™

Matching symbols landing adjacent to each other in groups of at least 2x2 symbols will merge to form larger paying shapes ('SuperSymbols'). These can expand further when individual instances of the same symbol land above, below or next to each other. The symbol sizes correspond directly to win potential - the bigger the symbol grows, the more money the player will win.

SUPERSYMBOL™ UPGRADES

SuperSymbols can be randomly upgraded to create improved wins, additional expansion potential and subsequent re-spins.

REEL SPLITS

When the spotlights above and below the reels align, a new reel is inserted increasing the win potential.

FREE SPINS WITH REEL CLONES

The bonus feature is triggered when 3 or more bonus symbols are collected in a base game sequence. The Reel Splits feature can also now be enhanced to clone adjacent reels, making for even greater win potential.
