

Soar to a higher level of videoslot entertainment with **Mighty Eagle Extreme SuperSymbols™**, the latest of **RAW** iGaming's extremely popular series of cascade games based on the proprietary, patent-pending **SuperSymbols™** game engine.

When matching symbols land adjacent to each other in groups of at least 2x2 symbols, they merge to form larger paying shapes (SuperSymbols). These will keep expanding horizontally and vertically when individual instances of the same symbol land adjacent to them. The bigger the symbol grows, the bigger the win. The game is played on an initial 5-reel, 5-row panel that can expand to 20-rows high.

**Mighty Eagle Extreme SuperSymbols™** has **Progressive Multipliers**, **Mystery Symbols**, **Mighty Eagle Respins**, and a **Free Spins** feature with **Multipling Symbols**.

## Super Symbols™

SuperSymbols™ form when a group of at least 2x2 of the same symbol lands on the reels. The SuperSymbols™ will expand if more of the same symbol land adjacent to them, or if they combine with other SuperSymbols™ of the same type. The size of the SuperSymbol™ directly relates to the size of the payout, making it very easy to see how good the winnings are going to be. After the expansion takes place, losing symbols are removed and replaced from above with a cascade, potentially generating even bigger symbols, and sequences of exciting expansions and amazing payouts.

## Reel Expansion

The game is played on an initial 5-row, 5-reel panel but can expand to up to an incredible 20-rows if SuperSymbols™ expansions force the reels to upwards.

## Progressive Multipliers

SuperSymbol™ expansions can force the reels to expand, and to trigger progressive multipliers (up to 50x in free spins).

## Mighty Eagle Free Spins

Free spins are awarded when bonus symbols cluster together. Free spins is played on an expanded 6-reel panel, and includes random symbol multipliers of up to 5x. Even better, if SuperSymbols™ with multipliers combine, their multipliers are added.

## Mystery Symbols

These can reveal symbols which can lead to further SuperSymbol™ creation or expansion, and thus bigger wins.

## Mighty Eagle Respins

This causes a eagles to fly through the reels triggering a respin which can also add multipliers of up to 5x to previously winning symbols.
