GAME FEATURES

Mighty Viking, has the following exciting features:

SuperSymbols™ - Matching symbols landing adjacent to each other in groups of at least 2x2 symbols will merge to form larger paying shapes ('SuperSymbols'). These expand when individual instances of the same symbol land above, below or next to each other. The symbol sizes correspond directly to win potential - the bigger the symbol grows, the more money the player will win.

Cascades - SuperSymbols stick, triggering cascades that replace any losing symbols. With unlimited cascade potential, your path to glory is endless.

Flying Axe Multipliers: - Before each cascade, Flying Axes will hit the panel, each brandishing a multiplier that might boost your winnings.

Mighty Viking Re-spins: - Even in defeat, there's hope. Random re-spins act as a second chance to turn the tide of battle, offering another shot at victory.

Valhalla Free Spins: - The ultimate quest for any Viking. Collect bonus symbols to trigger Valhalla Free Spins, where every win is multiplied by the collected value in the progressive multiplier meter. With no caps on re-spins, the halls of Valhalla welcome the bravest with open arms.
